Objective

Current Computer science undergraduate with solid skills of programming. Actively looking for opportunities related to application development, back-end development, and AI development (including machine learning) to gain experience and skills.

Education

- **University of Massachusetts Boston**, Boston, MA — Expected to graduate: May 2025
  Bachelor of Science: Computer Science GPA: 4.00

Awards and Scholarships

- School Principal's Award (Sophia Fukuoka High School) — March 2021
- Dean's List — Fall 2021/Spring 2022
- Chancellor's Scholarship — Fall 2021 ~ present
- First-Year Achievement Scholarship — Spring 2022

Relevant Coursework

CS210 Intermediate Computing with Data Structures / CS240 Introduction to C programming / CS220 Discrete Math / MATH260 Linear Algebra

Technical Skills

- **Platforms**: Ubuntu, Linux, Windows 7- 11
- **Languages**: Python, Java, C, HTML, *C++, *CSS, *Java script (* some experience)
- **Skills**: Object-Oriented Programming, Web-Application Development
- **Development Tools**: Pycharm, IntelliJ, Visual Studio Code, Console/Terminal, Oracle VM VirtualBox, Jupiter Notebook, Sublime Text, Visual Studio, GitHub
- **Other**: Intermediate level in Microsoft Excel, Word, PowerPoint, Strong Analytical & Mathematical Skill

Work Experience

TAG|ALERTA Teaching Assistant (University of Massachusetts Boston) — 2022 Summer

- Assisted teachers in the planning, implementation, and facilitation of lessons.
- Planned, led, and facilitated an enrichment activity.

Lab Assistant (University of Massachusetts Boston) — 2022 Fall

- Helped students study in the introductory CS class (CS110)

Project Experience

MBTA Guide — 2022 Summer

- Created a program showing the shortest route and time for given two MBTA stations
- Using an EdgeWeightedGraph and the Dijkstra's Algorithm

Dow-Jones-Industrial-Average-Info — 2022 Summer

- Created an application showing the list of the Dow Jones Industrial Average and its corresponding stock price data (e.g., volume, opening price)

See my other projects on my GitHub (github.com/kenichi-maeda)

Languages

Native level fluency in Japanese, Good command of English

Memberships

- IEEE Computer Society — 2022 ~ present
